

Ministry of Youth Affairs & Sports advises National Sports Federations to constitute 'Make in India in Sports' and 'International Relations' Committees

The constitution of these Committees will strengthen India's global sporting engagement and sports diplomacy, while promoting indigenous capabilities in sports in line with Atmanirbhar Bharat

The NSFs have been advised to constitute the Committees with appropriate domain experts and communicate their details to the Ministry within 30 days for International Relations and 60 days for Make in India in Sports

Posted On: 13 JAN 2026 10:32AM by PIB Delhi

The Ministry of Youth Affairs & Sports has advised all recognised National Sports Federations (NSFs) to constitute dedicated Committees on International Relations and Make in India in Sports within their respective organisations.

Aimed at strengthening India's international engagement in sports, the International Relations Committee will monitor developments in relevant International Federations (IFs) and Continental Federations (CFs), including changes in competition rules and structures, governance frameworks, elections, and athlete-centric programmes.

The Committee will also formulate a medium-term international cooperation plan covering bilateral and multilateral MoUs, joint training camps, exchange programmes, knowledge-sharing initiatives, and opportunities for hosting international sporting events in India.

It will ensure that all international engagements are aligned with Government of India policies, the Olympic Charter, and IF statutes, and adhere to principles of good governance, anti-doping compliance, and athlete safeguarding.

The Committee will further strengthen collaboration with counterpart national federations and leading international sports research and academic institutions to secure best-in-class training opportunities and sports science support for Indian athletes.

It will also coordinate with international federations and relevant bodies to ensure timely participation in bidding processes and share all proposals for hosting international events in India with the Ministry in advance, for information and, where required, prior consultation or clearance under extant guidelines.

The Make in India in Sports Committee will be responsible for engaging with Indian manufacturers, start-ups, research institutions, and testing and standardisation bodies to facilitate product development, trials, and certification in the concerned sport, thereby promoting the domestic sports manufacturing ecosystem envisaged under Make in India.

The Committee will also prepare periodic reports on the adoption of indigenous solutions, highlighting progress made, constraints faced, and recommendations for consideration within the NSF, with specific reference to contributions towards Make in India and Atmanirbhar Bharat.

For International Relations:

The Committee shall comprise senior Federation members, former international athletes, coaches, and subject experts with proven experience in global sports administration and diplomacy. Details of the Committee, including its composition and terms of reference, may be communicated to the Ministry within 30 days of issuance of this advisory.

For Make in India in Sports:

The Committee shall include senior Federation members, technical experts, former international athletes, and at least one member with experience in sports equipment or technology, manufacturing, or standards. Details of the Committee, including its composition, may be communicated to the Ministry within 60 days of issuance of this advisory.
